

KINDERGARTEN CURRICULUM

Celebrating our gifts in and beyond the classroom.

RELIGION

Acquire a foundational understanding of the Catholic faith, its traditions, and sacraments, while attending liturgy each week.

READING

Develop essential skills by mastering grade-level phonics and word analysis. Employ reading comprehension strategies and showcase proficiency in standard English grammar conventions and usage when writing or speaking.

MATH

Count and write numbers up to 100 and beyond; compare numerical values; and represent addition and subtraction through objects, drawings, and more. Add and subtract fluently within 5, and break down numbers into tens and ones.

SOCIAL STUDIES

Explore concepts such as goods and services, wants and needs, communities, maps and symbols, timelines, as well as cultures and traditions from around the world and at home.

SCIENCE

Identify the characteristics of living and non-living things, while learning about Earth and space. Investigate the properties of objects and adopt a scientific mindset.

SOCIAL & EMOTIONAL

Learn how to foster friendships and be a responsible member of the community. Build independence by developing problem-solving skills.

TECHNOLOGY

Utilize Chromebooks to navigate various websites, enhancing student achievement across the curriculum.

BEYOND THE CLASSROOM

Kindergartners will go on field trips to enhance classroom learning. We encourage a serving spirit through various charitable acts. Additionally, each Kindergartner will be paired with an 8th Grade buddy for guidance in faith and as a St. Columban Bobcat.
